Important Notice from Cement Masons and Plasterers Health and Welfare Trust About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Cement Masons and Plasterers Health and Welfare Trust (the “Trust”) and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The Board of Trustees has determined that the prescription drug coverage offered by the Cement Masons and Plasterers Health and Welfare Trust is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from **October 15th to December 7th**.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you do decide to join a Medicare drug plan, it is important to note that you and your dependents will not be eligible for the retail or mail order prescription drug plan under the Cement Masons and Plasterers Health and Welfare Trust.

In addition, if you do decide to join a Medicare drug plan and drop your Cement Masons and Plasterers prescription drug coverage, be aware that you and your dependents will not be allowed to get this coverage back. Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the Cement Masons and Plasterers Health and Welfare Trust and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

New Medicare Part D Coverage for Medicare Beneficiaries

Effective September 1, 2016, the Trust made changes to the Plan's prescription drug coverage for Medicare beneficiaries with a Medicare Part D drug program, the AARP MedicareRx Preferred (PDP), which is fully insured by UnitedHealthcare. A self-insured supplemental wrap around program through Sav-Rx is being provided to limit any negative impact this change will have on the Medicare beneficiaries.

While Medicare beneficiaries are not required to enroll in the AARP MedicareRx Preferred and the companion Sav-Rx supplemental program, those Medicare beneficiaries who decide not to

enroll in the new programs will be charged an additional \$70 per Medicare family member, per month.
