This notice is intended to provide a summary of plan information to employers and employee representatives of the Cement Masons and Plasterers Retirement Plan. The information given is required to be furnished by law under ERISA § 104(d). This notice summarizes information for the 2015 Plan Year, which began April 1, 2015 and ended March 31, 2016.

### **Description of the Plan's Contribution Schedule, Benefit Formula, and Modifications**

Contributions to the Plan are made monthly pursuant to the terms of the current Collective Bargaining Agreements and special agreements (for non-bargaining employees).

Accrued benefits are based upon a percentage of contributions made or required on behalf of individual participants during the Plan Year. The Future Service benefit for Plan Years on and after April 1, 2008 (including the 2015 Plan Year) is 1.7% of employer contributions, and the benefit is calculated on the first \$3.84 for Cement Masons and \$3.66 for Plasterers.

An Individual Account is also established on behalf of each participant and credited with a portion of the hourly employer contribution. From July 1, 2008 to May 31, 2014, the amount credited was \$1.52 for Cement Masons and \$1.75 for Plasterers. From June 1, 2014 to May 31, 2015, the amount credited was \$1.72 for Cement Masons and \$1.75 for Plasterers. From June 1, 2015 to June 30, 2015, the amount credited was \$2.00 for Cement Masons and \$1.75 for Plasterers. On and after July 1, 2015 the amount credited was \$2.00 for Cement Masons and \$2.00 for Plasterers. Interest accrues at 6% per annum on Individual Accounts.

Participants with five or more Years of Service, including at least one year of Credited Future Service and one hour of Credited Future Service after April 1, 1998 are generally eligible to retire at Normal Retirement (age 63). Participants who at Normal Retirement (age 63) do not meet this requirement but have at least three years of Credited Future Service and one Hour of Service on or after April 1, 2007 are eligible to retire receiving a distribution of the Individual Account only.

Participants with ten or more Years of Service may also elect to retire at Early Retirement (age 55 through 62); however, the accrued benefit is reduced to take into account the
